*First speaking engagement was as a lector in our Church on Sunday where I would say a reading from the New Testament. It started in the 4th grade and continued through 8th grade.*

*But my college years were the best. I became the class vice-president in Freshman year, the president in Sophomore year, went to Madrid, Spain for my Junior year and became active in broadcast journalism during my Senior year of college.*

*I have always enjoy traveling around the country helping people heal and open to their fullest potential. This is my mission – this is my destiny.*

*Mom and I have become business partners and working together has been both a blessing and a joy.*

*Meeting celebrities, doing radio and TV work has been one of my dreams...because in that medium, I have the ability to reach millions of people and influence their lives. This is most rewarding.*

*I work hard and I play hard. For those of you who know me, I love to laugh and have fun and I love spending time with my family.*

*I don't know what tomorrow will bring but I can say for sure that I will always be ready – willing and available to help people like you transform your life...one step at a time.*
